

Revenue Contract Terms

First Class Vending

Effective 11/30/2010 to 11/29/2013, Terms three (3) years, with two (2) optional one-year periods, with an additional six (6) month to month extensions. **Expires: 04/29/2016** (all extensions)

Keefe Commissary

Effective 07/29/2007 to 07/28/2010, Terms three (3) years, with two (2) optional one-year periods, with an additional six (6) month to month extensions. Amendments: Initially, an additional two 2 years were added, but then a third year was needed to create a Request for Proposal (RFP) to solicit vendors for a new contract. **Expires: 01/28/2016**

- The Vending and Commissary Contracts may need additional extensions when they reach their current expirations (possibly month to month) because we anticipate an RFP will incorporate both services into one contract before it is released to prospective vendors.

Public Communications Services (Inmate Telephone Service, Global Tel Link purchased Public Communications Services in 2011)

Effective 11/01/2011 to 10/31/2016, Terms five (5) years, three (3) optional year to year extensions and a six (6) month to month. **Maximum of 8 ½ years, 04/30/2020**

- An RFP is currently being created to solicit vendors for a new contract. This will require a contract extension with Global Tel Link into 2017. We also need to re-negotiate the current agreement with them to accommodate rate caps and guidelines imposed by the Federal Communications Commission (FCC) scheduled to take effect June 2016.
